Hands-On Speed Dating is a new and improved version of the MCAA’s traditional Speed Dating Program. By request from previous attendees, the MCAA has developed a unique opportunity that will take place every three years. This new, more interactive program, will kick off with the 2020 MCAA Mid-Year Meeting.

The program will allow speed daters the opportunity to touch and feel equipment, products, and technology from the hosts in a much larger space. Therefore, larger equipment may be brought in to enhance the experience. The program will be set up in a large open setting at the French Lick Resort, host of the MCAA Mid-Year 2020.

Participating companies will be required to set up on Monday, September 14, sometime between the hours of 7:00 AM and 2:00 PM. That evening, the MCAA will host its Opening Reception featuring a Ladies’ Night in the space being used for Speed Dating the next morning. This will give participating companies the opportunity to preview their offerings.

The following morning, regular Speed Dating will begin at 7:00 AM, and all speed daters will be in the fieldhouse with private setups to work through the program. After lunch, once all groups have moved through the stations, a short break will begin at 1:00PM and all speed daters will then be allowed to return to the areas of most interest. The event has been expanded to two additional opportunities for companies to connect with buyers outside of the speed dating event.
